

University Medical Specialties

You're safe with us

1 Thorough screening process

Every patient, employee, and health care provider is screened before entry into the building - every day, every time.

2 Safe social distancing

Our lobby is designed to promote social distancing, and our safety measures ensure that you won't have a long wait.

3 Personal Protective Equipment

Each person is given a face mask to wear during their visit, to protect themselves and others.

Your health is important to us. For your convenience, we now offer **Virtual Visits** with your provider.

Call 269-473-2222 to schedule.
